

Prayer Intentions:

For all of those impacted by the tragedy in Uvalde, Texas, especially the students and their families.

For those in areas of the world in conflict, especially the people of Ukraine and Eastern Europe.

For those who are ill and for those who care for them.

We Pray:

We remember the many brave men and women who have given their lives through the history of our country to protect us from danger and harm. We remember all those who sustained injury in mind and/or body in the course of their service. We salute all those who served in the military and ask for your protection for those currently serving. Amen.

From the Principal:

There are no words to express the emotions I felt as a parent and educator when I saw the news from Texas on Tuesday. Please be assured that we continuously evaluate our safety procedures and stay updated on current best practices. Your child's safety is a top priority for us. If you have questions or concerns about our school security, please do not hesitate to reach out to me. Please join me in praying for the children at Robb Elementary School, their parents, their community and children everywhere.

It's hard to believe that there is only one more week of school. Tomorrow we will celebrate all of the amazing effort the students put into this school year and next week we will honor our kindergarten and eighth grade graduates as well as Mrs. Cox who is retiring after 37 years here at St. Al's. May God continue to bless us as we wrap up this school year and prepare to begin summer vacation.

*God's Blessings,
Andrea Puhl*

COVID-19 UPDATE

We have two covid cases this week, both from the same family. Those students are quarantined at home and while it is no longer recommended that we do any contact tracing, the classes have been notified. Some adjustments were made to provide for increased social distancing in those two classrooms out of an abundance of caution.

Wood County is at a medium Covid-19 Community Level. You can find more information about the levels and current recommendations here:

The following resource from the health department may be helpful if someone in your family is exposed or tests positive.

We support and respect each family's choice on whether or not to have their child mask at school.
