

Prayer Intentions:

A special intention

Prayer:

Lord: In the midst of Winter, when the days are cold and wind can pierce, remind us of the warmth of your love. In the midst of Winter, when days are short, dawn comes late, and dusk arrives early, remind us that in the darkness your light still shines. In the midst of Winter, when the flowers of spring still lie hidden in the earth, when leaves are off the trees, and the world can seem bleak, remind us that Easter is but a short time away. And when in our lives we feel as if we are experiencing a season of winter, reach out to us with the power of your resurrection so that we may feel the warmth of your love and see your light that alone can take away the darkness of our soul. - *Cal Wick*

From the Principal:

This week has certainly not gone the way we expected! When I said goodbye to the students last Thursday, I told them to enjoy the long weekend having no idea how long that weekend would be! Here I am in a way too quiet office on Wednesday praying we will get at least one day of school in this week! I hope your family was able to make the best of the extra days with the kids at home even though I know the change of plans can be difficult. I continue to feel confident that it is in our best interest to follow the decisions made by Bowling Green City Schools since they bus so many of our students and I appreciate the difficult decisions that Dr. Haselman and his team must make. May the Holy Spirit guide them.

*God's Blessings,
Andrea Puhl*
