

Prayer Intentions:

A prayer of thanksgiving for the Willson family! New baby sister, Abigail, was born last week!

Prayer:

At the end of this school year we give thanks to God: For all the teaching and learning that has taken place in our school, both in and out of the classroom, For the talents and gifts that have been shared and the challenges that have been faced; For the burdens that have been lifted and the hurts that have been healed; For the respect and care that has been given. We give thanks for the friendships that have just begun and for those that have grown. For the faith that has been lived in our daily struggles, For the hope that has lifted our hearts on the dark days And for the love that has kept us going. We give thanks for the community that we are

From the Principal:

As busy as this last week of school will be, the summer here at St. Al's will be even busier! We have many projects that need to be completed in order to welcome back the students after Labor Day and others that will continue into the new school year. One project that is a priority for us is the moving of the playground. We are hoping that this can happen in August. We will be moving our current play structure and adding another play area specifically for our younger students. In addition, we will be replacing the mulch with a rubber surface. We are excited for these updates, but will need a lot of volunteer labor to help when the time comes so watch for more information this summer! At this time, **we are looking for a parent or two who has gifts in this area and would be willing to help coordinate the project.** We will have someone from the company on site that day to guide us. I remember the day in August 2012 when a group of parent volunteers installed the playground and here we are ready for more improvements! Please let me know if you would be willing to take a lead role!

*God's Blessings,
Andrea Puhl*
