St. Aloysius CATHOLIC SCHOOL

Living for Christ, Learning with Purpose

Prayer Intentions:

For an increase in vocations to priesthood and consecrated religious life.

Prayer:

God our Father, You made each of us to use our gifts in the Body of Christ. We ask that You inspire young people whom you call to priesthood and consecrated life to courageously follow Your will. Send workers into Your great harvest so that the Gospel is preached, the poor are served with love, the suffering are comforted, and Your people are strengthened by the sacraments. We ask this through Christ our Lord. Amen.

From the Principal:

Each year our teachers present Teaching Safety lessons in their religion classes. In the past, parents have been given the option to opt their child out of it, but a new diocesan policy requires that we present it to all children in our school. This year's topics are:

- Boundaries: You Have Rights! Children must understand they have a right to be safe, and they are allowed to create boundaries to protect themselves in situations where they feel uncomfortable, or where they could be harmed.
- Secrets, Surprises and Promises. Children must learn how to respect their own health and safety, and that of others, by understanding the safety rules about secrets. They have a right to be safe, and they are allowed to create boundaries to protect themselves in situations that cause discomfort or violate the safety rules.

I am attaching more information on the program for those of you who are interested in further details, but I can assure that our religion teachers who are covering the topics will handle any sensitive topics with great care and in an age appropriate way. These lessons are generally taught in November or December. Please reach out to me if you have questions or concerns.

God's Blessings,
Andrea Puhl
